

SCHOOL IMPROVEMENT TERMS of REFERENCE

SCHOOL IMPROVEMENT COMMITTEE

1. Membership and Chairing

- The governing body determines the constitution, membership and terms of reference of any committee it decides to establish and reviews them annually.
- A chair must be appointed annually by the governing body or elected by the committee, as determined by the governing body. In the absence of the chair the committee must appoint a chair from its members.
- No person employed at the school may act as chair to any committee.
- Membership of a committee may include persons who are not governors and their entitlement to vote is to be determined by the governing body. However, the majority of members must be governors. Non-governors may not act as chair of a committee.
- A clerk must be appointed to all committees by the governing body.

2. Voting and Quorums

- Only governors and associate members can vote. No vote may be taken at any meeting where associate members outnumber governors.
- The committee quorum is three governors.

3. Functions

- The committee will consider matters as set out in its terms of reference or as requested by the governing body, taking advice as appropriate.
- Each committee will recommend the powers that should be delegated to it by the governing body. The governing body will modify and approve these powers as it sees fit and the delegated powers will then form part of the terms of reference for that committee.
- For committees other than the Finance Committee, decisions, which require a spending commitment over and above agreed budget provision, must be referred to the Finance Committee.

4. Procedures and Training

- The membership of the committee will be determined at the first meeting of the governing body in the autumn term. Casual vacancies will be filled at the first available governors' meeting. The terms of reference of the committee will be reviewed annually.
- The normal procedures and regulations of the governing body also apply to its committees.
