December

Friday 22nd – Pupils finish for Christmas holidays

*More dates to be added soon, please keep checking.
Please note that these dates can change due to unforeseen circumstances.*

ATTENTION ALL NEW FAMILIES!

We hope by now that you will have heard about FoWS (Friends of Whitley School) and some of the wonderful work they do to ensure our pupils have enrichment opportunities to enhance their education and experiences here at Whitley Village Primary School.

One of their main sources of income is through the Lotto, which is run weekly and gives out large cash prizes! Running at capacity, it has the potential to make £3,550 per year, which would make a HUGE difference to our pupils. We really do need the continued support of families and friends to maintain our wonderful menu of opportunities.

We still have some numbers yet to be bought, so if you or extended family or friends would be interested in purchasing a number, please complete a slip with Emily in the office.

It's such an easy way to provide so much support, and you may be a lucky winner yourself!

Many thanks, from all our pupils xx

WEBSITE

During our Ofsted Inspection back in February 2017, it was noted that the school's website provided parents and carers with much useful information regarding the children's learning and curriculum. Some of this we are sure you already access, such as the Curriculum Newsletters and other tabs that contain useful info for parents.

However, there are many hidden resources on there that families may find useful, such as an outline of the way we teach maths in school (Calculation Policy) and a breakdown of the English curriculum and how families can support at home with this. We also add information after we hold events, such as the parent workshops on phonics and spelling.

If you get the chance, please do spend some time investigating the website and hopefully you will be pleasantly surprised!

If you think of anything that would be useful to have on there, which is currently missing, please let me know and I will endeavour to provide it.

TWITTER

If you don't already, please follow us on Twitter @WhitleySchool. This is one of the main ways we communicate many of the exciting and fantastic things we have going on in school each day.
