Transition for Reception - Year Five 17th & 18th of July

During the period when Year 6 students are away on their residential trip, we have a unique opportunity to focus on transition activities for the remaining year groups. The children will spend time in their new classes with their new teachers (where applicable). This is an ideal time to provide targeted support, helping the pupils adjust to the upcoming changes and ensuring a smooth transition into their new year group. We have organised engaging activities, team-building exercises and group discussions to promote a sense of belonging and familiarity within their future classes.

Moreover, we will utilise this period to foster relationships between the incoming and current teachers, encouraging collaboration and information sharing. By working closely together, we will ensure a seamless handover of knowledge, allowing for continuity in the children's learning and development.
