Mon 8th—School opens for the Spring Term

Fri 15th—Reception 2024 application deadline

I would like to commend our Reception children for an exceptional start to the school year. It has been heart-warming to witness the enthusiasm and curiosity they have brought to the classroom each day. These young learners have quickly adapted to their new environment, and their ability to embrace new challenges and make friends is truly remarkable. Their eagerness to explore, learn and grow is a testament to their resilience and the nurturing environment provided by our dedicated staff. We are proud of the progress they have made in their early days at school and look forward to seeing their development continue throughout the year. Keep up the great work, Reception!

Bonus Ball Lottery

Results this week:

14/10/23 - 48 - Rollover

18/10/23 - 38 - Rollover

Christmas Card Production

The children have been busy enjoying some Christmas art activities, even though it's very early in the season. Their fantastic pieces will be turned into lovely gift cards and other items that families can purchase. This not only showcases their creativity but also provides a way to raise some funds for the school. Miss Baines deserves special recognition for her dedication in organising this event every year. We will send out more details once the printers upload the sample pieces.

Have you ordered your child's meals?

More details can be found here:

<https://www.schoolhub.co.uk/login>

Lunches need to be ordered from home via School Hub and all payments need to be paid in advance via School Hub Wallet. Thank you.

Rock Salt Donation

We are very grateful to two of our wonderful parents for their generous donation of 20 bags of rock salt. This thoughtful contribution ensures that our playground will remain safe on frosty mornings, protecting the well-being of our children. Your generosity exemplifies the strong sense of community that makes our school so special.

KS1 CODING CLUB SUCCESS

This week marked the conclusion of an exciting journey for Key Stage 1's Coding Club. Our young coders have showcased impressive resilience, tackling block coding challenges with determination. Their cooperative spirit shone as they worked together to debug their projects, fostering essential teamwork skills. The enthusiasm has been contagious, as the older students are now eager to explore Python coding. We're looking into the possibility of introducing Python programming in the near future to nurture their passion for coding and technology. It's been a fantastic term of learning and growth for our coding enthusiasts, and we can't wait to see where their skills will take them next.

After School Club Worker Wanted

Due to popular demand both within our school and pre-school communities, we are looking for a passionate individual to create a fun and enriching environment for our children.

As a Play Worker, you'll inspire creativity, organise activities and ensure the children have a blast after school!!

If you love working with children, have a creative spirit and want to make a positive impact, this is the perfect opportunity for you.

Join us and be a part of our dedicated team, helping children be the best they can be!

Mon—Fri 2.45pm—5.00pm (term time only)

Please Contact Mrs Broom if you wish to apply:
