Our Vision for 2023/24:

This academic year we will continue to working to ensure each child exceeds their daily physical activity recommendation of 30 minutes each day as part of our 'Active Kids Pledge'. This will be achieved through a whole school initiative of Smile for a Mile, active lessons and 20 minutes of active break time, plus additional time across the week from 2 hours of PE and after/before school club participation. We now are using our smile for a mile track with provides an all-weather surface for this activity. This needs to be inbedded further into daily routines. We believe we can ensure each child at Whitley Village will have the best opportunity to develop good habits of regular physical activity. We also believe that this will have a positive impact on the happiness, confidence and well-being of all of our children.

We aim to utilize the expertise from outside agencies to work with our children and staff members to promote healthy lifestyles. We hope to engage children post COVID closures in physical activities and will respond to their individual needs and monitor pupil well being closely.

We also hope achieve School Sports active mark again this year through considering participation, workforce, competition and clubs.
